

Wayne Township
Planning and Zoning Department
BIFURCATED USE VARIANCE

**INSTRUCTIONS FOR SUBDIVISIONS, SITE PLANS, CONDITIONAL USE & BIFURCATED USE
VARIANCE APPLICATIONS**

1. Filling out the Forms; Checklist

- A. Fill out the application form completely.
- B. Remit the appropriate fees and escrow with the application. The applications and fees/escrows submitted must reflect all approvals requested or required.
- C. Give the checklist to your professional engineer/surveyor/architect to have him/her follow during the preparation of your plans. This checklist is not a guideline. It is a listing of the required items to be shown on the plan you submit with your application. The Township staff uses the same checklist to review your application for completeness. Therefore, if you do not address checklist item(s) – by either providing the information or requesting a checklist waiver – the staff must declare the application incomplete. An incomplete application is returned to you for you to address the cited deficient checklist items.

Note: It is the responsibility of the licensed professional preparing the site plan or subdivision to ensure that the survey is attached to the site plan or subdivision plan and that said survey is properly referenced on the site plan or subdivision plan, all pursuant to N.J.A.C. 13:40-7.2.

- D. Your particular case may warrant requests for checklist waivers. Indicate in the proper column on the checklist that you are requesting the checklist waiver. The reviewing staff cannot assume that you need, or are asking for, a checklist waiver if you do not specifically indicate so in the space provided. Further, the staff does not have the authority to waive any checklist items – these requests are heard and decided by the Board.

[Note: The Board hears your requests for checklist waivers once all other items are found to be in order (see Item 4 below).]

- E. File an application directly with the Passaic County Planning Board's office. The County and municipal applications can be filed simultaneously. Provide to the Wayne Planning and Zoning Department proof of submission to the Passaic County Planning Board. Please obtain the form by contacting the County directly at 973-569-4040, pcpb@passaiccountynj.org or <http://www.passaiccountynj.org/resource/9cd6df4a/show>.
- F. Applicants who are corporations, partnerships, LLCs, etc., must be represented by counsel. Applicants who are individuals must be represented either by themselves or by counsel.

2. Submission Package

- A. Initially submit to the Planning and Zoning Department two (2) application packages for completeness review.
- B. The items submitted under 2.A above, are the materials required for the Planning and Zoning Department to conduct its completeness review. Once the application is found to be in order, you will be asked to submit the additional 19 collated packages so that the Department ultimately has 21 packages for distribution to the Board and staff reviewers.
- C. State law provides the Township with 45 days from the date of submission of the application and proper fees and escrow in which to review an application for completeness.

3. If your application can be declared complete

- A. You will be advised to submit the remaining 19 collated packages of plans and documentation. It is only upon the timely submission of these packages that you can move on to the next step.
- B. Upon our receipt of the 19 packages, you will receive a letter advising you of the date on which the application was declared complete. This letter will also advise you of the date for which the application is scheduled on the Board's agenda.
- C. The letter will contain further instructions regarding statutory notice requirements and procedures.
- D. You should be aware that the Board can have heavy agendas and it might not be able to reach your scheduled application. If this happens, the Board will announce the date to which the application is carried.

4. If your application can be considered complete (with the exception of the requested checklist waivers)

- A. You will be advised to submit the remaining 19 collated packages of plans and documentation. It is only upon the timely submission of these packages that you can move on to the next step.
- B. Upon our receipt of the 19 packages, you will receive a letter advising you of the date for which the checklist waivers and application are scheduled on the Board's agenda.
- C. The letter will contain further instructions regarding statutory notice requirements, if any, and procedures.
- D. At the hearing, the Board will first hear your request for checklist waivers. If the checklist waivers are granted, the application is declared complete as of that date and the Board continues with your application to hear the actual variance request. If one or more of the checklist waivers are denied, your case will be concluded for that evening. You then must provide the deficient items to the Planning and Zoning Department before the Department can re-schedule your application on the Board's agenda.
- E. You should be aware that the Board tends to have heavy agendas and it might not be able to reach your scheduled application. If this happens, the Board will announce the date to which the application is carried.

5. If your application is declared incomplete

You will be notified, in writing, of the checklist items that are missing. Upon receipt of such a letter declaring your application incomplete, you would address the deficiencies and submit the new and/or revised materials to the Planning and Zoning Department for review. The same process as described in Item 2 then commences. If items that were previously declared incomplete are still missing, you will receive another letter advising you that the application is incomplete.
