

**SERVE YOUR COMMUNITY AND BE PREPARED**  
**JOIN WAYNE CERT**

The Community Emergency Response Team (CERT) training program prepares citizens in basic emergency preparedness and response skills with instruction from the Town's professional emergency services personnel. CERT is part of the National Homeland Security Citizen Corp program.

Training will begin in late April and will include: basic first aid and disaster medical operations, disaster preparedness, disaster fire suppression, light search and rescue operations, and terrorism awareness. At the conclusion of the training program, a field skills exercise will be given and graduates will receive a disaster tool kit.

Applications for Wayne CERT are available at the Wayne Health Department or online at [www.waynetownship.com](http://www.waynetownship.com). Applicants must be at least 18 years of age and must reside or work in Wayne Township. Those who are accepted will receive approximately 30 hours of training over a period of several weeks. Should you have any questions about the program, please contact Tom Cantisano, Deputy OEM Coordinator, at 973-694-1800 ext. 3340 or email him at [cantisant@waynetownship.com](mailto:cantisant@waynetownship.com).
