RE: Extended Service Areas in Wayne Township

Dear Mr. Freshwater:

It has come to my attention that many Wayne Township residents are interested in contracting with Verizon FIOS TV for their television, phone and internet connections. Currently, Verizon FIOS TV is only offered in a few areas of the Township; leaving numerous residents unable to utilize your company.

Accordingly, as the Mayor of Wayne, I am requesting that Verizon FIOS TV expand our community's coverage area to afford more residents the availability of your services. Additionally, please note that Wayne Township, located in Passaic County, New Jersey, has a population of over 54,000 people, 19,000 households and 14,000 families. As a result of this proposed expansion, there will be an increase in the volume of residents able to contract with your company boosting the economic growth of Verizon FIOS TV.

Kindly contact me personally at 973-694-1800, ext. 3200 so we may schedule a meeting to discuss this proposal further.

I thank you for your consideration toward this matter.

Very truly yours,

Christopher P. Vergano
Mayor, Wayne Township
