Reviewer's Response (*use additional sheet if necessary*):

The Wayne Health Dept. has reviewed the above referenced revised site plan application dated 10/29/2020 for the bifurcated use variance at 20 Galesi Drive. Based on the information provided to the department, the revisions do not appear to impact the original comments made in the health department August 4, 2020 memo (copy attached).

If you have any further questions, please feel free to contact me at the health dept. offices.
