DATE RECEIVED _____

- g. A permit may be revoked by the Township if the applicant fails to comply with the terms of approval of the Special Event Permit. Should any issues be identified after the issuance of a permit that the Township identifies as necessary and proper for the preservation of the public health, safety and welfare, applicant will be required to revise said Special Event plans to the satisfaction of the Township. Failure to resolve these issues shall result in the revocation of the Special Event Permit.*
- h. If the outdoor seating area is not currently part of your approved liquor license application on file, you cannot serve or provide alcohol in this area, unless you have a COVID 19 Expansion of Premises (ABC) Permit.*
- i. If you have a tent, you may need to obtain a Fire Safety and/or Building Permit. See guidelines.*
- j. In accordance with the New Jersey Smoke-Free Air Act there is no smoking permitted in the outdoor dining area.*
- k. After your application is reviewed you will be notified if the outdoor dining area is within a 100 feet of residential properties. If so, you will be required to have each of those property owners sign a letter that they have no objections.*
- l. If you receive a Special Event Permit from the Township of Wayne, all Township laws shall apply, unless superseded by any applicable Executive Order, State or Federal Law.*

TENT FIRE CODE REQUIREMENTS

- Check to see if Uniform Fire Code permit is required (UFC)
- Fire apparatus will have open access to the tent and Fire Dept. Connection
- Tent shall not be located within 5 feet of lot lines, buildings or parked vehicles
- Flame propagation performance treatment - certification that the tent and all parts are composed of material meeting the flame propagation performance of NFPA 701. This must be provided to you by the tent rental company.
- Smoking shall not be permitted in the tent. No Smoking signs shall be conspicuously posted in the tent.
- A portable fire extinguisher (2A 10BC) shall be provided and present inside the tent.
- No generator will be located within 20 feet of the tent

Guidelines for determining permit requirements for tents, tensioned membrane structures and canopies

	UFC Permit Required, N.J.A.C. 5:70-2.7	UCC Permit Required, N.J.A.C. 5:23-2.14	No Permit Required
Tent, tensioned membrane structure, or canopy less 900 square feet in area or less and 30 feet or less in any dimension without platforms or bleachers			X
Tent, tensioned membrane structure, or canopy greater than 900 square feet in area or more than 30 feet in any dimension, but 16,800 square feet or less in area and 140 feet or less in any dimension, whether it is composed of one unit or multiple units	Type 1 X		
Tent, tensioned membrane structure, or canopy greater than 900 square feet in area or more than 30 feet in any dimension, but 16,800 square feet or less in area and 140 feet or less in any dimension that contains platforms or bleachers 11 feet or less in height, whether it is composed of one unit or multiple units	Type 1 X		
Tent, tensioned membrane structure, or canopy greater than 16,800 square feet or greater than 140 feet in any dimension		X	
Tent, tensioned membrane structure, or canopy of any size remaining in place for more than 180 days		X	
Tent, tensioned membrane structure, or canopy of any size used or occupied between December 1 and March 31		X	
Tent, tensioned membrane structure, or canopy of any size having a permanent anchoring system		X	
Tent, tensioned membrane structure, or canopy of any size containing platforms or bleachers greater than 11 feet in height		X	
Tent, tensioned membrane structure, or canopy greater than 900 square feet in area or more than 30 feet in any dimension, but 16,800 square feet or less in area and 140 feet or less in any dimension, whether it is composed of one unit or multiple units, that installs electrical equipment, electrical wiring or mechanical equipment that is supplied by other than (cord and plug) temporary wiring in accordance with the Uniform Fire Code	Type 1 X	X	

Uniform Fire Code Definitions (also see Chapter 31 of the IFC 2015, NJ edition, for other applicable requirements)

Canopy: A structure or architectural projection of rigid construction over which a covering is attached that provides weather protection, identity or decoration, and may be structurally independent or supported by attachment to a building on one end and by not less than one stanchion on the outer end.

Tent: A structure, enclosure or shelter constructed of fabric or pliable material supported by any manner except by air or the contents that it protects, with sidewalls or drops on more than 25 percent of the perimeter.

Temporary wiring: Temporary wiring for electrical power and lighting installations is allowed for a period not to exceed 90 days. Temporary wiring methods shall meet the applicable provisions of the electrical subcode of the Uniform Construction Code.

Uniform Construction Code Definitions (also see Chapter 31 of the IBC 2018, NJ edition, for other applicable requirements)

Canopy: A permanent structure or architectural projection of rigid construction over which a covering is attached that provides weather protection, identity or decoration. A canopy is permitted to be structurally independent or supported by attachment to a building on one or more sides.

Tent: A structure, enclosure, umbrella structure or shelter, with or without sidewalls or drops, constructed of fabric or pliable material supported in any manner except by air or the contents it protects (see “Umbrella structure”).

Umbrella Structure: A structure, enclosure or shelter with or without sidewalls or drops, constructed of fabric or pliable material supported by a central pole or poles (see “Tent”).
